DIPANWITA MANDAL

Frontend Developer

Frontend Developer with 3+ years of experience designing and developing high-performance, responsive web applications using modern frameworks like React, Next.js, JavaScript (ES6+), and TypeScript. Skilled in crafting scalable, accessible, and visually appealing interfaces with CSS/SCSS and component-based architecture. Passionate about optimizing user experience (UX), performance, and code maintainability. Proven track record of collaborating with cross-functional teams (design, backend, product) to deliver innovative, business-driven solutions on time. Strong advocate for clean code, testing, and agile best practices.

WORK EXPERIENCE

Accacia
Software Engineer – Frontend
FEB 2023 - PRESENT
(2 YEARS 4 MONTHS)

- Develop and maintain high-performance web applications using Next.js, React.js, and TypeScript, ensuring scalability and responsiveness.
- Engineered cross-platform mobile features with React Native, expanding product accessibility.
- Collaborated with backend teams to integrate RESTful APIs and optimized frontend performance using code splitting, lazy loading, and state management, enhancing data flow and application efficiency.

KAFQA
Senior Software Development Engineer
Jun 2022 - Dec 2022
(7 MONTHS)

- Designed and built performance-optimized React components, reducing load times.
- Worked closely with UX/UI designers to implement pixel-perfect, interactive interfaces.
- Worked closely with UX/UI designers to implement pixel-perfect, interactive interfaces.

Kickdrum
Software Development Engineer
Jan 2022 - May 2022
(11 MONTHS)

- Developed modular UI components using React.js, CSS-in-JS, and modern CSS frameworks, enhancing maintainability.
- Contributed to full-stack features during internship (Jul–Dec 2021), gaining exposure to AWS, Java/Spring Boot, and enterprise software development.
- Assisted in end-to-end testing and CI/CD pipeline building, improvements, ensuring robust deployments.
